Students who take MAT*085 will cover MAT*075 and MAT*095 in one semester.

• Are you someone who almost placed into MAT 095, but need some review of pre-algebra topics?
• Do you find that you are most successful with math when you practice it every day?
• Do you want to be ready for a college credit math course sooner?

MAT*085 will meet Monday-Thursday, with day and evening sections available. This course will meet the pre-requisite of MAT*137, if completed with a “C” of better.

For more details, contact Sarah Leone at (860)343-5790 or sleone@mxcc.edu or a Math faculty member.
