### Course Descriptions

#### **EDUC 1002, Fast-Track Math Workshop (0 credits)**

This noncredit workshop is designed to help students refresh their skills in arithmetic and elementary algebra concepts. The workshop is targeted to benefit students placing at the intensive levels. At the end of the workshop, students may retake the placement test to see if they can progress to a course that is College Level or College Level with Embedded Support.

#### **EDUC 1003, Reading-Writing Workshop (0 credits)**

This non-credit, fast-track workshop is designed to help students refresh their skills in essay writing, grammar, and reading comprehension. The workshop will be particularly beneficial for students placing at the intensive level but are open to all students. At the end of the workshop, students may retake a placement test to see if they can progress to College Level or College Level with Embedded Support.

#### **FS100, Freshman Seminar (3 credits)**

The Freshman Seminar introduces the new student to diverse academic content, emphasizing learning strategies and critical thinking skills in preparation for more rigorous college study. This multidisciplinary course combines a faculty lecture series with small-group discussion sessions. Topics to be covered include introductory lectures on social sciences, natural/physical sciences, mathematics, humanities, business, and career opportunities.
