Acknowledging Sources: How Do You Acknowledge Sources?

Including Other Elements

Other elements that you may include in your work are:

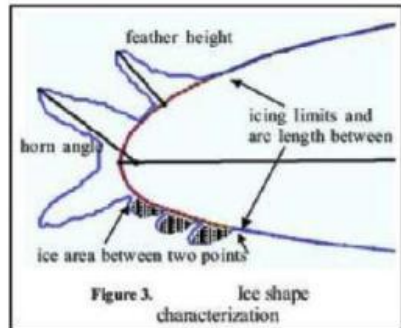

- Artwork
- Cartoons
- Charts
- Graphs
- Tables
- Music

All of these elements must have their source acknowledged with a citation, even if the image or music was downloaded or copied from the web.

Freely distributable clipart does not generally need to be cited for non-commercial purposes, but check your end user license agreement for confirmation.

If you are not sure if it is freely distributable, cite the source.

Example

"Ice shape characterization." Drawing. American Institute of Aeronautics and Astronautics. The Icing Branch at NASA Glenn Research Center. 28 April 2004. <http://icebox-esn.grc.nasa.gov/ext/design/smaggice/links/aiaa2002_0380.pdf>
