

WHAT WE WILL DO:

- Offer one on one or group tutoring sessions as long as tutors are available
- Help you understand the concepts/techniques needed to become a self-sufficient learner
- Model study strategies to make you a strong learner in all content areas
- Clarify specific problems you come in with
- Build your confidence so that you can approach
- Encourage you to work independently

WHAT WE WILL NOT DO:

- Tutors will not do your homework for you or provide test or quiz answers
- Tutors will not “fix” or edit your papers, but we will help you learn how to find and correct mistakes
- Tolerate behavior that is counterproductive to the tutoring process
- Be able to help if you arrive completely unprepared or unwilling to do your own work.
- Always be able to offer individual tutoring sessions

WHAT YOU WILL NEED TO DO:

- Check the schedule and find a time that works for you
- Sign in and out whenever you visit the tutoring center
- Bring your class syllabus, class notes, and specific assignment
- Do as much work as you can in advance. This means you must attempt assignments before you come in seeking help
- Be willing to work independently after a tutor has gone over the concept with you
- Do not wait until the last minute for tutoring!

Online Tutoring:

Students will be able to use Blackboard to submit an essay or make a request for an online tutoring session for English, Math, Social Science, and Chemistry courses from our tutors at the Academic Success Center. They will respond to students within 48-72 hours. Business hours. Please note: if you send on a Friday, your request may not be fulfilled until Wednesday.

For students who need online tutoring help, here are the instructions :

- On the Blackboard "My Institution" page, go to "Virtual Campus – Campus Activities and Academic Resources".
- Click on "Online Tutoring" link in the left Panel.
- Follow the steps to either submit an English essay or make a request for an online tutoring session.
