Research Assignment Review Service

Introducing the **Research Assignment Review Service**

Before you finalize your class research assignment, let a librarian put it through its paces. We can test out the assignment; suggest appropriate library databases; check on the availability of other resources; point out tip sheets, tutorials, and other guides; review the assignment for clarity; and help you anticipate student questions before they arise

Email your assignment to mx-library@mxcc.edu or call 860.343.5830 for more details. ~ Please allow at least two (2) weeks for review. ~
