

JOB SEARCH and CAREER ADVISING

Completing a course in the SNAP Employment and Training program is just one step toward pursuing a career. The information below can help you advance further in that journey.

Navigating the job market and preparing applications:

1. Middlesex Community College Career Services website has information on creating a resume and cover letter and some employment search websites. Includes information and tools on job search strategies and interviewing techniques.
<https://mxcc.edu/career-services/>.
2. The local Russell Library on Broad Street in Middletown has career services for resume writing, interview techniques, and career counseling. There is a job group every Thursday morning with guest speakers and networking, and special guest speakers at all times of the week, usually in evenings. Check out their website :
