

**Connecticut State Community College- Middlesex**  
**School of Radiography**  
**CLINICAL AFFILIATES**

All clinical affiliates shall meet the appropriate criteria for delivering clinical education and assessing clinical competency as necessary to be recognized by the JRCERT. Each clinical affiliate is also recognized by The Joint Commission (TJC) or an equivalent agency or holds a state issued license. Review of accreditation and/or licenses shall be done annually. The Radiologic Technology Program maintains affiliate agreements to assure the quality of the clinical education that is provided to the program students. These agreements are reviewed annually. Under no circumstances will a student be assigned to a clinical site that is not recognized by the JRCERT or deficient of a signed affiliate agreement. Each clinical affiliate shall appoint a minimum of one qualified clinical instructor for every 10 student assignments. The number of students assigned to the clinical education setting must not exceed the number of JRCERT approved student capacity for that site. The student to radiography clinical staff ratio must be 1:1. It is acceptable on rare occasions that more than one student may be temporarily assigned to one technologist during uncommonly performed procedures. Students will be assigned to 3 or 4 clinical sites per semester of clinical training. Overall, in the 22-month program, students may complete clinical rotations at 8-10 sites. All program students will rotate through Middlesex Hospital during their training, at least one Red Clinical Site, one Purple Clinical Site, one Pink Clinical Site, and one Green Clinical Site. All student rotations are tracked for fair and equitable consideration for educational opportunities at the different clinical sites.

### **15 Clinical Sites**

Middlesex Hospital (MH): Middletown

**RED Sites** - Large Hospitals with an Emergency Department attached.

**Day Kimball Hospital (DKH):** Putnam

**Lawrence & Memorial (LM):** New London

**PURPLE Sites** - Free standing clinics with no Emergency Department attached. **Backus Outpatient Center (BOP):** Norwich

**Crossroads Imaging Center (XRD):** Waterford

**MH- Outpatient Center (OPC):** Middletown

**PINK Sites** - Smaller Facilities with and Emergency Department attached.

**Stamford Hospital (SH):** Groton

**Stamford Medical Center (SMC):** Westbrook
